

Concord works update

Multi-storey Car Park

Works notice — December 2024

Concord Hospital Multi-storey Car Park

Construction of the new Multi-storey Car Park has been completed and the new facility will open to staff, patients and visitors on Monday 9 December.

The five-level car park, built by main contractor Lipman, has been delivered by a partnership of Sydney Local Health District and Health Infrastructure.

Now designated P1, the car park has been formally handed over to the District – providing 555 new car spaces, 10 of them accessible, and lift access. It includes CCTV cameras and duress points on each level as a security measure.

Key impacts

There will be several changes to parking arrangements with the opening of the new car park.

P1 will open at 6am on Monday 9 December, with all new pay stations operational. Access to the car park will be via the new lane opposite Gate 2.

Existing pay stations will be decommissioned.

Gates A, E, D and Z will be closed from Monday 9 December.

Note: Gate Z will open between 2pm and 4.30pm from Monday 9 December to Wednesday 11 December to facilitate peak-time exits.

From Thursday 12 December Gate D will be operational as an exit.

Please note: Gate 2 will remain closed and staff access to the P3 on-grade car park will continue via Gate 4.
